

THE ZERO STRIKE POLICY

Coaches/Players/parents/guardians etc. must be respectful of other teams/coaches/spectators/officials/staff/etc. at ALL times.

We do our best to provide a safe, positive, fun environment for youth basketball programs to compete and it truly is a team effort.

That being said, if programs cannot respect the rules/respect the game, then programs will be removed/not allowed to participate in the events.

Please make sure to address this with parents/players/supporters within your organization so that everyone can continue to have a positive experience - any disrespect at the events will not be tolerated and programs will be removed immediately.

NO EXCEPTIONS
